EAT AT JOE'S LTD. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE THREE MONTHS ENDED MARCH 31, 2011 AND 2010

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of accounting policies for Eat At Joe's, Ltd. and subsidiaries is presented to assist in understanding the Company's financial statements. The accounting policies conform to generally accepted accounting principles and have been consistently applied in the preparation of the financial statements.

Interim Financial Statements

The unaudited financial statements as of March 31, 2011 and for the three month periods ended March 31, 2011 and 2010 reflect, in the opinion of management, all adjustments (which include only normal recurring adjustments) necessary to fairly state the financial position and results of operations for the three months. Operating results for interim periods are not necessarily indicative of the results which can be expected for full years.

Organization

Eat At Joe's Ltd. (Company) was incorporated on January 6, 1988, under the laws of the State of Delaware, as a wholly-owned subsidiary of Debbie Reynolds Hotel and Casino, Inc. (DRHC) (formerly Halter Venture Corporation or Halter Racing Stables, Inc.) a publicly-owned corporation. DRHC caused the Company to register 1,777,000 shares of its initial 12,450,000 issued and outstanding shares of common stock with the Securities and Exchange Commission on Form S-18. DRHC then distributed the registered shares to DRHC stockholders.

During the period September 30, 1988 to December 31, 1992, the Company remained in the development stage while attempting to enter the mining industry. The Company acquired certain unpatented mining claims and related equipment necessary to mine, extract, process and otherwise explore for kaolin clay, silica, feldspar, precious metals, antimony and other commercial minerals from its majority stockholder and other unrelated third-parties. The Company was unsuccessful in these start-up efforts and all activity was ceased during 1992 as a result of foreclosure on various loans in default and/or the abandonment of all assets. From 1992 until 1996 the Company had no operations, assets or liabilities.

On July 29, 2003, the Board of Directors Resolved to change the authorized capital stock from 50,000,000 common shares to 250,000,000 common shares. There was no change to the par value.

Basis of Presentation

The Company's consolidated financial statements have been prepared on a going concern basis, which contemplates the realization of assets and satisfaction of liabilities in the normal course of business. The consolidated financial statements do not include any adjustment relating to recoverability and classification of recorded amounts of assets and liabilities that might be necessary should the Company be unable to continue as a going concern.

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(Continued)

Basis of Presentation (continued)

The Company has incurred net loss for the three months ended March 31, 2011 and 2010 \$140,718 and \$185,598, respectively and the Company used cash from operations of \$51,147 and \$9,839, respectively. As of March 31, 2011, the Company had a working capital deficit of \$3,707,179. These conditions raise substantial doubt as to the Company's ability to continue as a going concern.

The Company's continued existence is dependent upon its ability to execute its operating plan and to obtain additional debt or equity financing. There can be no assurance the necessary debt or equity financing will be available, or will be available on terms acceptable to the Company.

Management plans include opening one new restaurant during the next twelve months and obtaining additional financing to fund payment of obligations and to provide working capital for operations and to finance future growth. The Company is actively pursuing alternative financing and has had discussions with various third parties, although no firm commitments have been obtained. In the interim, shareholders of the Company have committed to meeting its operating expenses. Management believes these efforts will generate sufficient cash flows from future operations to pay the Company's obligations and realize other assets. There is no assurance any of these transactions will occur.

Nature of Business

The Company is developing, owns and operates theme restaurants styled in an "American Diner" atmosphere.

Principles of Consolidation

The consolidated financial statements include the accounts of Eat At Joe's, LTD. And its wholly-owned subsidiaries, E.A.J. Hold, Inc., a Nevada corporation ("Hold"), E.A.J. PHL Airport, Inc., a Pennsylvania corporation, E.A.J. Shoppes, Inc., a Nevada corporation, E.A.J. Cherry Hill, Inc., a Nevada corporation, E.A.J. Neshaminy, Inc., a Nevada corporation, E.A.J. PM, Inc., a Nevada corporation, E.A.J. Echelon, Inc., a Nevada corporation, E.A.J. Market East, Inc., a Nevada corporation, E.A.J. MO, Inc., a Nevada corporation, Branded Restaurant Group, Inc. (formerly E.A.J. Syracuse, Inc.), a Nevada corporation, E.A.J. Walnut Street, Inc., a Nevada corporation, E.A.J. Owings, Inc., a Nevada corporation, and 1398926 Ontario, Inc. and 1337855 Ontario, Inc., British Columbia corporations. All significant intercompany accounts and transactions have been eliminated.

On January 29, 2010, the Company filed certificates of dissolution with the State of Nevada for E.A.J. Echelon, Inc., E.A.J. Owings, Inc., and Regency Communications Group, Inc. (formerly E.A.J. Neshaminy, Inc.).

Inventories

Inventories consist of food, paper items and related materials and are stated at the lower of cost (first-in, first-out method) or market.

Revenue Recognition

The Company generates revenue from the sale of food and beverage through its restaurants. Revenue is recognized upon receipt of payment.

Income Taxes

The Company accounts for income taxes under the provisions of ASC 740 (formerly SFAS No. 109, "Accounting for Income Taxes"). ASC 740 requires recognition of deferred income tax assets and liabilities for the expected future income tax consequences, based on enacted tax laws, of temporary differences between the financial reporting and tax bases of assets and liabilities.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents to the extent the funds are not being held for investment purposes.

Depreciation

Office furniture, equipment and leasehold improvements, are stated at cost. Depreciation and amortization are computed using the straight-line method over the estimated economic useful lives of the related assets as follows:

Furniture & fixtures	5-10 years
Equipment	5- 7 years
Leasehold improvements	8-15 years

Maintenance and repairs are charged to operations; betterments are capitalized. The cost of property sold or otherwise disposed of and the accumulated depreciation thereon are eliminated from the property and related accumulated depreciation accounts, and any resulting gain or loss is credited or charged to income.

Amortization

Intangible assets consist of a trademark registered with the United States of America Patent and Trademark Office with a registration No. 1575696. Intangible assets are amortized over their estimated useful life of 10 years.

The Company has adopted the Financial Accounting Standards Board ASC 350 (formerly SFAS No., 142, "Goodwill and Other Intangible Assets"). ASC 350 requires, among other things, that companies no longer amortize goodwill, but instead test goodwill for impairment at least annually. In addition, ASC requires that the Company identify reporting units for the purposes of assessing potential future impairments of goodwill, reassess the useful lives of other existing recognized intangible assets, and cease amortization of intangible assets with an indefinite useful life. An intangible asset with an indefinite useful life should be tested for impairment in accordance with the guidance in ASC 350.

The Company has adopted Financial Accounting Standards Board ASC 360 (formerly Statement No. 144). ASC 360 requires that long-lived assets, such as property, plant, and equipment, and purchased intangibles subject to amortization, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by comparison of the carrying amount of an asset to estimated undiscounted future cash flows expected to be generated by the asset. If the carrying amount of an asset exceeds its estimated future cash flows, an impairment charge is recognized by the amount by which the carrying amount of the asset exceeds the fair value of the asset.

Assets to be disposed of would be separately presented in the balance sheet and reported at the lower of the carrying amount or fair value less costs to sell, and are no longer depreciated. The assets and liabilities of a disposed group classified as held for sale would be presented separately in the appropriate asset and liability sections of the balance sheet.

Recent Accounting Standards

In December 2010, the FASB (Financial Accounting Standards Board) issued Accounting Standards Update 2010-29 (ASU 2010-29), *Business Combinations (Topic 805) – Disclosure of Supplementary Pro Forma Information for Business Combinations*. This Accounting Standards Update requires a public entity to disclose pro forma information for business combinations that occurred in the current reporting period. The disclosures include pro forma revenue and earnings of the combined entity for the current reporting period as though the acquisition date for all business combinations that occurred during the year had been as of the beginning of the annual reporting period. If comparative financial statements are presented, the pro forma revenue and earnings of the combined entity for the comparable prior reporting period should be reported as though the acquisition date for all business combinations that occurred during the current year had been as of the beginning of the comparable prior annual reporting period. The amendments in this Update affect any public entity as defined by Topic 805 that enters into business combinations that are material on an individual or aggregate basis. The amendments in this Update are effective prospectively for business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2010. Early adoption is permitted. The Company does not expect the provisions of ASU 2010-29 to have a material effect on its financial position, results of operations or cash flows.

In August 2010, the FASB issued Accounting Standards Update 2010-22 (ASU 2010-22), *Accounting for Various Topics -- Technical Corrections to SEC Paragraphs - An announcement made by the staff of the U.S. Securities and Exchange Commission*. This Accounting Standards Update amends various SEC paragraphs based on external comments received and the issuance of SAB 112, which amends or rescinds portions of certain SAB topics. The Company does not expect the provisions of ASU 2010-22 to have a material effect on its financial position, results of operations or cash flows.

In August 2010, the FASB issued Accounting Standards Update 2010-21 (ASU 2010-21), *Accounting for Technical Amendments to Various SEC Rules and Schedules: Amendments to SEC Paragraphs Pursuant to Release No. 33-9026: Technical Amendments to Rules, Forms, Schedules and Codification of Financial Reporting Policies*. The Company does not expect the provisions of ASU 2010-21 to have a material effect on its financial position, results of operations or cash flows.

In July 2010, the FASB issued Accounting Standards Update 2010-20 (ASU 2010-20), *Receivables (Topic 310): Disclosures about the Credit Quality of Financing Receivables and the Allowance for Credit Losses*. The amendments in this Update are to provide financial statement users with greater transparency about an entity's allowance for credit losses and the credit quality of its financing receivables. The disclosures about activity that occurs during the reporting period are effective for interim and annual reporting periods beginning on or after December 15, 2010. The Company does not expect the provisions of ASU 2010-20 to have a material effect on its financial position, results of operations or cash flows.

In April 2010, the FASB issued Accounting Standards Update 2010-17 (ASU 2010-17), *Revenue Recognition – Milestone Method (Topic 605)*. ASU 2010-17 provides guidance on applying the milestone method of revenue recognition in arrangements with research and development activities. The amendments in this Update are effective on a prospective basis for milestones achieved in fiscal years, and interim periods within those years, beginning on or after June 15, 2010. The Company's adoption of the provisions of ASU 2010-17 did not have a material impact on its revenue recognition.

In March 2010, the FASB issued Accounting Standards Update 2010-11 (ASU 2010-11), *Derivatives and Hedging (Topic 815): Scope Exception Related to Embedded Credit Derivatives*. The amendments in this Update are effective for each reporting entity at the beginning of its first fiscal quarter beginning after June 15, 2010. Early adoption is permitted at the beginning of each entity's first fiscal quarter beginning after issuance of this Update. The Company's adoption of the provisions of ASU 2010-11 did not have a material effect on its financial position, results of operations or cash flows.

In February 2010, the FASB Accounting Standards Update 2010-10 (ASU 2010-10), *Consolidation (Topic 810): Amendments for Certain Investment Funds*. The amendments in this Update are effective as of the beginning of a reporting entity's first annual period that begins after November 15, 2009 and for interim periods within that first reporting period. Early application is not permitted. The Company's adoption of provisions of ASU 2010-10 did not have a material effect on its financial position, results of operations or cash flows.

In February 2010, the FASB issued ASU No. 2010-09 *Subsequent Events (ASC Topic 855) - Amendments to Certain Recognition and Disclosure Requirements* (ASU 2010-09). ASU No. 2010-09 requires an entity that is an SEC filer to evaluate subsequent events through the date that the financial statements are issued and removes the requirement for an SEC filer to disclose a date, in both issued and revised financial statements, through which the filer had evaluated subsequent events. The adoption did not have an impact on the Company's financial position, results of operations or cash flows.

In January 2010, the FASB issued Accounting Standards Update 2010-06, *Improving Disclosures about Fair Value Measurements* (ASU 2010-06). ASU 2010-06 amends FASB Accounting Standards Codification ("ASC") 820 and clarifies and provides additional disclosure requirements related to recurring and non-recurring fair value measurements and employers' disclosures about postretirement benefit plan assets. This ASU is effective for interim and annual reporting periods beginning after December 15, 2009. The adoption of ASU 2010-06 did not have a material impact on the Company's financial statements.

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(Continued)

Earnings (Loss) Per Share

Basic loss per share has been computed by dividing the loss for the year applicable to the common stockholders by the weighted average number of common shares outstanding during the years.

Diluted net income per common share was calculated based on an increased number of shares that would be outstanding assuming that the preferred shares were converted to 13,513,514 and 16,556,291 common shares as of March 31, 2011 and 2010, respectively. The effect of outstanding common stock equivalents are anti-dilutive for 2011 and 2010 and are thus not considered.

Pervasiveness of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles required management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Concentration of Credit Risk

The Company has no significant off-balance-sheet concentrations of credit risk such as foreign exchange contracts, options contracts or other foreign hedging arrangements. The Company maintains the majority of its cash balances with one financial institution, in the form of demand deposits.

Reclassifications

Certain reclassifications have been made in the 2010 financial statements to conform with the 2011 presentation.

Fair Value of Financial Instruments

The carrying value of the Company's financial instruments, including receivables and accounts payable and accrued liabilities at March 31, 2011 and December 31, 2010 approximates their fair values due to the short-term nature of these financial instruments. The carrying values of trading securities and available for sale securities are based on quoted market prices.

Investment in Marketable Securities

The Company's securities investments that are bought and held for an indefinite period of time are classified as available-for-sale securities. Available-for-sale securities are recorded at fair value on the balance sheet in current assets, with the change in fair value during the period excluded from earnings and recorded net of tax as a component of other comprehensive income. All of the Company's available-for-sale are marketable securities and have no maturity date.

The Company's securities investments that are bought and held principally for the purpose of selling them in the near term are classified as trading securities. Trading securities are recorded at fair value on the balance sheet in current assets, with the change in fair value during the period included in earnings.

Investments in securities are summarized as follows:

	December 31, 2010		
	Gross Unrealized Gain	Gross Unrealized Loss	Fair Value
Trading securities	\$ -	\$ 187,662	\$ 173,266
Available-for-sale securities	\$ -	\$ 20,950	\$ 55,050

Trading securities	\$ -	\$ 80,552	\$ 92,715
Available-for-sale securities	\$ 19,960	\$ -	\$ 95,960

Results of operations for the three months ended March 31, 2011 include a charge of \$80,552 for unrealized holding losses on trading securities. Results of operations for the year ended December 31, 2010, include a charge of \$187,662 for unrealized holding losses on trading securities. For the three months ended March 31, 2011, other comprehensive income includes a gain of \$19,960 for unrealized holding gains on available-for-sale securities. For the year ended December 31, 2010, other comprehensive income includes an unrealized holding loss on available-for-sale securities of \$20,950.

Gross Realized Losses	\$ -	\$ -
Gross Realized Gains	\$ -	\$ -

The following table discloses the assets measured at fair value on a recurring basis and the methods used to determine fair value:

	Fair Value at March 31, 2011	Fair Value Measurements at Reporting Date Using		
		Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Trading securities	\$ 92,715	\$ 92,715	\$ -	\$ -
Available-for-sale securities	\$ 95,960	\$ 95,960	\$ -	\$ -
Total	\$ 188,675	\$ 188,675	\$ -	\$ -

Generally, for all trading securities and available-for-sale securities, fair value is determined by reference to quoted market prices.

NOTE 2 - SHORT-TERM NOTES PAYABLE

Short-Term Notes Payable consist of loans from unrelated entities as of March 31, 2011 and December 31, 2010. The notes are payable one year from the date of issuance together with interest at 6.50% A.P.R.

NOTE 3 - INCOME TAXES

As of December 31, 2010, the Company had a net operating loss carryforward for income tax reporting purposes of approximately \$5,400,000 that may be offset against future taxable income through 2030. Current tax laws limit the amount of loss available to be offset against future taxable income when a substantial change in ownership occurs. Therefore, the amount available to offset future taxable income may be limited. No tax benefit has been reported in the financial statements, because the Company believes there is a 50% or greater chance the carryforwards will expire unused. Accordingly, the potential tax benefits of the loss carryforwards are offset by a valuation allowance of the same amount.

The Company has the following tax assets:

	December 31, 2010	December 31, 2009
Net Operating Losses	\$ 1,836,000	\$ 1,836,000
Depreciation and Other	93,840	102,340
Valuation Allowance	(1,929,840)	(1,938,340)
	<u>\$ -</u>	<u>\$ -</u>

The provision for income taxes differs from the amount computed using the federal US statutory income tax rate as follows:

	December 31, 2010	December 31, 2009
Provision (Benefit) at US Statutory Rate	\$ 213,000	\$ 99,900
Net Operating Losses	12,600	251,000
Depreciation and Other	(217,100)	(106,440)
Increase (Decrease) in Valuation Allowance	(8,500)	(244,460)
	<u>\$ -</u>	<u>\$ -</u>

The Company evaluates its valuation allowance requirements based on projected future operations. When circumstances change and causes a change in management's judgement about the recoverability of deferred tax assets, the impact of the change on the valuation is reflected in current income.

NOTE 4 - UNCERTAIN TAX POSITIONS

Effective January 1, 2007, the company adopted the provisions of ASC 740 (formerly FASB Interpretation No. 48, "Accounting for Uncertainty in Income Taxes - an interpretation of FASB Statement No. 109" ("FIN 48")). ASC 740 prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. The adoption of the provisions of ASC 740 did not have a material impact on the company's condensed consolidated financial position and results of operations. At December 31, 2010, the company had no liability for unrecognized tax benefits and no accrual for the payment of related interest and penalties. The Company did not record a cumulative effect adjustment relating to the adoption of ASC 740.

NOTE 4 - UNCERTAIN TAX POSITIONS (continued)

Interest costs related to unrecognized tax benefits are classified as "Interest expense, net" in the accompanying condensed consolidated statements of operations. Penalties, if any, would be recognized as a component of "Selling, general and administrative expenses". The Company recognized \$0 of interest and penalties expense related to unrecognized tax benefits during 2010. In many cases the company's uncertain tax positions are related to tax years that remain subject to examination by relevant tax authorities. With few exceptions, the company is generally no longer subject to U.S. federal, state, local or non-U.S. income tax examinations by tax authorities for years before 2007. The following describes the open tax years, by major tax jurisdiction, as of December 31, 2010:

United States (a)	2007 - Present

(a) Includes federal as well as state or similar local jurisdictions, as applicable.

NOTE 6 - RENT AND LEASE EXPENSE

The Company's wholly-owned subsidiary E.A.J. PHL Airport, Inc. leases approximately 845 square feet in the Philadelphia Airport, Philadelphia, Pennsylvania pursuant to a lease. The original lease dated April 30, 1997 expired in April 2010 and was renegotiated and extended for another 7 years expiring in April 2017. E.A.J. PHL Airport pays \$14,000 per month basic rent under the lease.

The minimum future lease payments under these leases for the next five years are:

<u>Year Ended December 31,</u>	<u>Real Property</u>
2011	\$168,000
2012	168,000
2013	168,000
2014	168,000
2015	168,000
Total five year minimum lease payments	<u>\$840,000</u>

The lease generally provides that insurance, maintenance and tax expenses are obligations of the Company. It is expected that in the normal course of business, leases that expire will be renewed or replaced by leases on other properties.

NOTE 7 - CONVERTIBLE DEBENTURES

On July 31, and September 2, 1998, the Company sold its 8% convertible debenture in the aggregate principal amount of \$1,500,000 to an accredited investor pursuant to an exemption from registration under Section 4(2) and/or Regulation D.

NOTE 7 - CONVERTIBLE DEBENTURES (continued)

The material terms of the Company' convertible debentures provide for the payment of interest at 8% per annum payable quarterly, mandatory redemption after 3 years from the date of issuance at 130% of the principal amount. Subject to adjustment, the debentures are convertible into Common Stock at the lower of a fixed conversion price (\$1.82 per share for \$900,000 principal amount of debentures; \$1.61 per share for \$600,000 principal amount of debentures) or 75% of the average closing bid price for the Company's Common Stock for the 5 trading days preceding the date of the conversion notice. Repayment of the indebtedness is secured by a general lien on the assets of the Company and guarantee by 5 of the Company's subsidiaries.

Total issue costs were \$156,551.20 which were amortized over the initial terms of the debt with a maturity date of July 31 and September 2, 2001.

NOTE 8 - CONVERTIBLE PREFERRED STOCK

The Series E Convertible Preferred Stock carries the following rights and preferences;

- * No dividends.
- * Convertible to common stock at the average closing bid price for the Company's common stock for the 5 trading days prior to the conversion date, and is adjustable to prevent dilution. (Convertible to 13,513,514 common shares at March 31, 2011).
- * Convertible at the Option of the Company at par value only after repayment of the shareholder loans from Joseph Fiore and subject to the holders option to convert.
- * Entitled to vote 1,000 votes per share of Series E Convertible Preferred Shares.
- * Entitled to liquidation preference at par value.
- * Is senior to all other share of preferred or common shares issued past, present and future.

NOTE 9 - NOTE RECEIVABLE

On September 8, 2009, the company loaned to an unrelated entity an amount of \$50,000. The note is payable within one year from the date of issuance together with interest of 6.0% A.P.R.

On November 24, 2009, the company loaned to an unrelated entity an amount of \$1,000. The note is payable within one year from the date of issuance together with interest of 4.0% A.P.R.

On December 1, 2009, the company loaned to an unrelated entity an amount of \$60,000. The note is payable within one year from the date of issuance together with interest of 6.0% A.P.R.

As of December 31, 2009, note receivable outstanding was \$112,139 (including accrued interest at 6.0% and 4.0%). As of December 31, 2010, the Company determined that these notes were uncollectible. The notes were written-off and bad debt expense of \$112,139 was recorded in the statement of operations

Item 2. Management's Discussion and Analysis or Plan of Operation.

General - This discussion should be read in conjunction with Management's Discussion and Analysis of Financial Condition and Results of Operations in the Company's annual report on Form 10-K for the year ended December 31, 2010.

Plan of Operations - Eat at Joe's Ltd. Intends to open and operate theme restaurants styled in an "American Diner" atmosphere where families can eat wholesome, home cooked food in a safe friendly atmosphere. Eat at Joe's, the classic American grill, is a restaurant concept that takes you back to eating in the era when favorite old rockers were playing on chrome-spangled jukeboxes and neon signs reflected on shiny tabletops of the 1950's. Eat at Joe's fulfills the diner dream with homey ambiance that's affordable while providing food whose quality and variety is such you can eat there over and over, meal after meal. To build on the diner experience, a retail section in each Eat at Joe's would allow customers to take the good feelings home with them, in the form of 50's memorabilia.

The Company's expansion strategy is to open restaurants either through Joint Venture agreements or Company owned units. Units may consist of a combination of full service restaurants or food court locations. Restaurant construction will take from 90-150 days to complete on a leased site.

In considering site locations, the Company concentrates on trade demographics, such as traffic volume, accessibility and visibility. High Visibility Malls and Strip Malls in densely populated suburbs are the preferred locations. The Company also scrutinizes the potential competition and the profitability of national restaurant chains in the target market area. As part of the expansion program, the Company will inspect and approve each site before approval of any joint venture or partnership.

A typical food court unit is approximately 500 square feet, whereas for a full service operation it is approximately 3,500 square feet. Food court operation consists of a limited menu. A full service restaurant consists of 30-35 tables seating about 140-150 people. The bar area will hold 6-8 tables and seats 30-35 people.

The restaurant industry is an intensely competitive one, where price, service, location, and food quality are critical factors. The Company has many established competitors, ranging from similar casual-style chains to local single unit operations. Some of these competitors have substantially greater financial resources and may be established or indeed become established in areas where the Eat at Joe's Company operates. The restaurant industry may be affected by changes in customer tastes, economic, demographic trends, and traffic patterns. Factors such as inflation, increased supplies costs and the availability of suitable employees may adversely affect the restaurant industry in general and the Eat at Joe's Company Restaurant in particular. Significant numbers of the Eat at Joe's personnel are paid at rates related to the federal minimum wage and accordingly, any changes in this would affect the Company's labor costs.

Over the next twelve months, the company will maintain operations as they currently exist. We do not anticipate the hiring of new full-time employees or the need for additional funds to satisfy cash requirements. Expansion within the current location is not viable, however management may seek to make acquisitions of established businesses, or, if a desirable location becomes available, we may elect to expand the concept. Locations would be sought in heavily trafficked areas, such as within an airport, train station, etc. We have not found any such location as of the date of this filing and no agreements are in place.

Results of Operations - For the three months ended March 31, 2011, the Company had a net loss of \$140,718, composed of a loss from operations of \$25,214 and net other loss of \$115,504. For the three months ended March 31, 2010, the Company had a net loss of \$185,598 composed of a loss from operations of \$2,997 and net other loss of \$182,601. Net other income/loss is primarily due to gains and losses from the sale of trading and available for sale securities.

Total Revenues - For the three months ended March 31, 2011 and 2010, the Company had total sales of approximately \$171,000 and \$282,000 respectively, for a decrease of approximately \$111,000. The decrease is mainly due to the restaurant being closed effective February 21, 2011 for remodeling. The restaurant is scheduled to reopen on or about May 20, 2011. Also, the overall economic condition of the country has caused airport traffic to decline. Consumers are spending and traveling less and airlines are eliminating or combining flights. There is a direct correlation between airport traffic and the Company's sales. As the economy stabilizes and moves toward a recovery, airport traffic is expected to increase and will be reflected in increased sales for the Company.

Costs and Expenses - Costs of revenues, which include the costs of food, beverage, and kitchen supplies slightly decreased as a percentage of sales from 2011 to 2010. This was mainly due to the restaurant being closed for remodeling.

Depreciation and amortization expense decreased by approximately \$174 from 2011 to 2010, respectively, due to certain fixed assets reaching the end of their estimated depreciable lives. Management expects depreciation and amortization to decline until the Company can carry out its expansion plans. Depreciation expense will increase as these plans are completed and as new assets are acquired.

LIQUIDITY AND CAPITAL RESOURCES

As of March 31, 2011, the Company has a working capital deficit of approximately \$3,707,179. The Company's continued existence is dependent upon its ability to execute its operating plan and to obtain additional debt or equity financing. There can be no assurance the necessary debt or equity financing will be available, or will be available on terms acceptable to the Company.

Management plans include searching for and opening new restaurants in the future and obtaining additional financing to fund payment of obligations and to provide working capital for operations and to finance future growth. The Company is actively pursuing alternative financing and has had discussions with various third parties, although no firm commitments have been obtained. In the interim, shareholders of the Company have committed to meeting its operating expenses. Management believes these efforts will generate sufficient cash flows from future operations to pay the Company's obligations and realize other assets. There is no assurance any of these transactions will occur.

The Company has met its capital requirements through the sale of its Common Stock, Convertible Preferred Stock, Convertible Debentures and Notes Payable.

Since the Company's re-activation in January, 1997, the Company's principal capital requirements have been the funding of (i) the development of the Company and its 1950's diner style concept, (ii) the construction of its existing units and the acquisition of the furniture, fixtures and equipment therein and (iii) towards the development of additional units.

During the three months ended March 31, 2011, the Company used approximately \$204,500 in cash from investing activities. The cash was used for purchase of equipment and improvements due to the restaurant remodeling. For the three months ended March 31, 2010, the Company generated approximately \$98,000 in cash from investing activities from the purchase and sale of marketable equity securities. As of March 31, 2011, the company owns marketable securities valued at \$188,675 with corresponding liabilities of \$1,347,018 in the form of related party payables of \$8,784 and related party notes payable of \$1,338,234 (including interest accruing at 6%).

During the three months ended March 31, 2011 and 2010, the Company raised approximately \$0 and \$0 through short-term notes payable and advances from Majority stockholders. The net proceeds to the Company were used for working capital. During the three months ended March 31, 2010, the Company repaid \$30,000 in shareholder advances from past years. As of March 31, 2011, approximately \$1,090,870 (including interest accruing at 6%) in advances was due to Joseph Fiore, C.E.O. of the Company.

On May 16, 2007, 45,529,411 restricted shares of Eat at Joe's, LTD were issued by the Board of Directors to Berkshire Capital Management Co, Inc at \$0.015 per share in satisfaction of \$682,941.00 in related party accounts payable due to Berkshire Capital Management. The shares were valued using the fair market value of the stock on the date of issuance. The fair market value of the stock was determined by the quoted market price of the stock on the date of issuance.

On February 28, 2008, 16,000,000 shares at \$.013 of common stock were issued to the company's current officers, directors and support staff. The shares were valued using the fair market value of the stock on the date of issuance. The fair market value of the stock was determined by the quoted market price of the stock on the date of issuance. Compensation expense of \$208,000 resulting from this issuance has been recorded in the accompanying financial statements.

For the three months ended March 31, 2011 and 2010, operating activities provided (used) approximately (\$51,000) and (\$9,800) in cash.

After the completion of its expansion plans, the Company expects future development and expansion will be financed through cash flow from operations and other forms of financing such as the sale of additional equity and debt securities, capital leases and other credit facilities. There are no assurances that such financing will be available on terms acceptable or favorable to the Company.

Government Regulations - The Company is subject to all pertinent Federal, State, and Local laws governing its business. Each Eat at Joe's is subject to licensing and regulation by a number of authorities in its State or municipality. These may include health, safety, and fire regulations. The Company's operations are also subject to Federal and State minimum wage laws governing such matters as working conditions, overtime and tip credits.

Critical Accounting Policies -The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities of the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Note 1 to the Consolidated Financial Statements describes the significant accounting policies and methods used in the preparation of the Consolidated Financial Statements. Estimates are used for, but not limited to, contingencies and taxes. Actual results could differ materially from those estimates. The following critical accounting policies are impacted significantly by judgments, assumptions, and estimates used in the preparation of the Consolidated Financial Statements.

We are subject to various loss contingencies arising in the ordinary course of business. We consider the likelihood of loss or impairment of an asset or the incurrence of a liability, as well as our ability to reasonably estimate the amount of loss in determining loss contingencies. An estimated loss contingency is accrued when management concludes that it is probable that an asset has been impaired or a liability has been incurred and the amount of the loss can be reasonably estimated. We regularly evaluate current information available to us to determine whether such accruals should be adjusted.

We recognize deferred tax assets (future tax benefits) and liabilities for the expected future tax consequences of temporary differences between the book carrying amounts and the tax basis of assets and liabilities. The deferred tax assets and liabilities represent the expected future tax return consequences of those differences, which are expected to be either deductible or taxable when the assets and liabilities are recovered or settled. Future tax benefits have been fully offset by a 100% valuation allowance as management is unable to determine that it is more likely than not that this deferred tax asset will be realized.

Investment in Marketable Securities

The Company's securities investments that are bought and held for an indefinite period of time are classified as available-for-sale securities. Available-for-sale securities are recorded at fair value on the balance sheet in current assets, with the change in fair value during the period excluded from earnings and recorded net of tax as a component of other comprehensive income.

The Company's securities investments that are bought and held principally for the purpose of selling them in the near term are classified as trading securities. Trading securities are recorded at fair value on the balance sheet in current assets, with the change in fair value during the period included in earnings.

Recently Enacted and Proposed Regulatory Changes - Recently enacted and proposed changes in the laws and regulations affecting public companies, including the provisions of the Sarbanes-Oxley Act of 2002 and rules proposed by the SEC and NASDAQ could cause us to incur increased costs as we evaluate the implications of new rules and respond to new requirements. The new rules could make it more difficult for us to obtain certain types of insurance, including directors and officers liability insurance, and we may be forced to accept reduced policy limits and coverage or incur substantially higher costs to obtain the same or similar coverage. The impact of these events could also make it more difficult for us to attract and retain qualified persons to serve on the Company's board of directors, or as executive officers. We are presently evaluating and monitoring developments with respect to these new and proposed rules, and we cannot predict or estimate the amount of the additional costs we may incur or the timing of such costs.

In December 2010, the FASB (Financial Accounting Standards Board) issued Accounting Standards Update 2010-29 (ASU 2010-29), *Business Combinations (Topic 805) – Disclosure of Supplementary Pro Forma Information for Business Combinations*. This Accounting Standards Update requires a public entity to disclose pro forma information for business combinations that occurred in the current reporting period. The disclosures include pro forma revenue and earnings of the combined entity for the current reporting period as though the acquisition date for all business combinations that occurred during the year had been as of the beginning of the annual reporting period. If comparative financial statements are presented, the pro forma revenue and earnings of the combined entity for the comparable prior reporting period should be reported as though the acquisition date for all business combinations that occurred during the current year had been as of the beginning of the comparable prior annual reporting period. The amendments in this Update affect any public entity as defined by Topic 805 that enters into business combinations that are material on an individual or aggregate basis. The amendments in this Update are effective prospectively for business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2010. Early adoption is permitted. The Company does not expect the provisions of ASU 2010-29 to have a material effect on its financial position, results of operations or cash flows.

In August 2010, the FASB issued Accounting Standards Update 2010-22 (ASU 2010-22), *Accounting for Various Topics -- Technical Corrections to SEC Paragraphs - An announcement made by the staff of the U.S. Securities and Exchange Commission*. This Accounting Standards Update amends various SEC paragraphs based on external comments received and the issuance of SAB 112, which amends or rescinds portions of certain SAB topics. The Company does not expect the provisions of ASU 2010-22 to have a material effect on its financial position, results of operations or cash flows.

In August 2010, the FASB issued Accounting Standards Update 2010-21 (ASU 2010-21), *Accounting for Technical Amendments to Various SEC Rules and Schedules: Amendments to SEC Paragraphs Pursuant to Release No. 33-9026: Technical Amendments to Rules, Forms, Schedules and Codification of Financial Reporting Policies*. The Company does not expect the provisions of ASU 2010-21 to have a material effect on its financial position, results of operations or cash flows.

In July 2010, the FASB issued Accounting Standards Update 2010-20 (ASU 2010-20), *Receivables (Topic 310): Disclosures about the Credit Quality of Financing Receivables and the Allowance for Credit Losses*. The amendments in this Update are to provide financial statement users with greater transparency about an entity's allowance for credit losses and the credit quality of its financing receivables. The disclosures about activity that occurs during the reporting period are effective for interim and annual reporting periods beginning on or after December 15, 2010. The Company does not expect the provisions of ASU 2010-20 to have a material effect on its financial position, results of operations or cash flows.

In April 2010, the FASB issued Accounting Standards Update 2010-17 (ASU 2010-17), *Revenue Recognition – Milestone Method (Topic 605)*. ASU 2010-17 provides guidance on applying the milestone method of revenue recognition in arrangements with research and development activities. The amendments in this Update are effective on a prospective basis for milestones achieved in fiscal years, and interim periods within those years, beginning on or after June 15, 2010. The Company's adoption of the provisions of ASU 2010-17 did not have a material impact on its revenue recognition.

In March 2010, the FASB issued Accounting Standards Update 2010-11 (ASU 2010-11), *Derivatives and Hedging (Topic 815): Scope Exception Related to Embedded Credit Derivatives*. The amendments in this Update are effective for each reporting entity at the beginning of its first fiscal quarter beginning after June 15, 2010. Early adoption is permitted at the beginning of each entity's first fiscal quarter beginning after issuance of this Update. The Company's adoption of the provisions of ASU 2010-11 did not have a material effect on its financial position, results of operations or cash flows.

In February 2010, the FASB Accounting Standards Update 2010-10 (ASU 2010-10), *Consolidation (Topic 810): Amendments for Certain Investment Funds*. The amendments in this Update are effective as of the beginning of a reporting entity's first annual period that begins after November 15, 2009 and for interim periods within that first reporting period. Early application is not permitted. The Company's adoption of provisions of ASU 2010-10 did not have a material effect on its financial position, results of operations or cash flows.

In February 2010, the FASB issued ASU No. 2010-09 *Subsequent Events (ASC Topic 855) - Amendments to Certain Recognition and Disclosure Requirements* (ASU 2010-09). ASU No. 2010-09 requires an entity that is an SEC filer to evaluate subsequent events through the date that the financial statements are issued and removes the requirement for an SEC filer to disclose a date, in both issued and revised financial statements, through which the filer had evaluated subsequent events. The adoption did not have an impact on the Company's financial position, results of operations or cash flows.

In January 2010, the FASB issued Accounting Standards Update 2010-06, *Improving Disclosures about Fair Value Measurements* (ASU 2010-09). ASU 2010-06 amends FASB Accounting Standards Codification ("ASC") 820 and clarifies and provides additional disclosure requirements related to recurring and non-recurring fair value measurements and employers' disclosures about postretirement benefit plan assets. This ASU is effective for interim and annual reporting periods beginning after December 15, 2009. The adoption of ASU 2010-06 did not have a material impact on the Company's financial statements.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Not applicable.

Item 4. Controls and Procedures

The Company's Chief Executive Officer and Chief Financial Officer are responsible for establishing and maintaining disclosure controls and procedures for the Company.

(a) Evaluation of Disclosure Controls and Procedures

As of the end of the period covered by this report, the Company carried out an evaluation, under the supervision and with the participation of the Company's management, including the Company's President, of the effectiveness of the design and operation of the Company's disclosure controls and procedures pursuant to Rule 13a-15 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Based upon the evaluation, the Company's President concluded that, as of the end of the period, the Company's disclosure controls and procedures were effective in timely alerting him to material information relating to the Company required to be included in the reports that the Company files and submits pursuant to the Exchange Act.

(b) Changes in Internal Controls

Based on this evaluation as of March 31, 2011, there were no changes in the Company's internal controls over financial reporting or in any other areas that could significantly affect the Company's internal controls subsequent to the date of his most recent evaluation, including any corrective actions with regard to significant deficiencies and material weaknesses.
